TRE-MEND-US

A reproduction of our 1897 model

WOLFF-AMERICAN

Do you realize the full sense of the word "appreciate"? Don't know what it means? That is good and that people have "seen it so". Have they discovered it? Look in a shop window? They have seen it? In a book? In a newspaper? The auto driver who rides over rough roads. What he discovered was this—that the 1897 "works" better than a 3-wheel yet turned out. It's large sprocketed wheel, perfect for easy riding. Call and see it at our agency.

Pocket Kodaks, Bullets, Bull-Eyes. The 1897 models of the Pocket Kodaks, Bullets and Bull-eyes have improved rotary shutters, set of three stops, all in one piece. The lenses are of glass and are set directly on the film, instead of passing over felt pads, which protects injured the face of the film, now passes to and from the focal plane on rollers, thus securing the film from abrasion. They are fitted with lenses of the quality, are well-made in every particular and are carefully tested. A complete assortment of 1897 models to be examined at Fountain's, Bank Street.

An Enjoyable Occasion Held at the Y. M. C. A. Rooms

The reception given at the Y. M. C. A. rooms Wednesday evening to the members of the Young People's societies of the several churches was a very enjoyable affair. For two hours the rooms were crowded and the success of the occasion was complete. The following program was rendered:

BENNINGTON'S LOSS.

Large Business Block and Contents Entirely Destroyed by Fire.

The most disastrous fire that has occurred in Bennington, Vt., in years occurred early Wednesday morning and four business places together with most of their contents were destroyed, four families were rendered homeless, and thousands of dollars may be obtained upon insurance.

Additional state aid was at once made to the town to see better teaching and to accomplish this desired result teachers must prepare to do the best work. School committees should plan to have the summer term of their schools close in season for their teachers to attend the institute and then re-gather at the same time.

When the state offers money to pay for better teaching and free instruction to enable teachers to prepare to give better instruction in schools the interest and duty of the towns in the matter of education is very evident. During the six years since the Laurel Park Institute was organized the schools of Western Massachusetts have improved because of its influence. The record attendance last year was 800. It should be 400 this year. For particulars address G. T. Fletcher, Northampton.

"THE RIVALS" TO NIGHT.

For the Hospital Benefit College Mandolin Club Will Furnish Selections.

Tonight at the Coliseum the Wilmot boys will present the first concert of Sheridan's "The Rivals" for the benefit of the North Adams hospital. This is the first appearance of the W. I. S. O. on the club's list, and when a big success over Romeo and Juliet would be general consensus of opinion in the present tour, says the author of the story, the Berkshire col-

lege expressed some regret because

it failed to enter the competition.

It is the third time the club has entered the competition.

W. C. T. U. Meeting.

The regular meeting of the W. C. T. U. will be held Friday afternoon at 3 o'clock in the Methodist church parlor instead of at the Universalist church. An interesting program has been arranged and all members are requested to attend.

BOHEMIAN QUARTET CONCERT.

The Bohemian quartet of this city will give a concert at Hoosac Falls, N. Y., shortly after Easter. The quartet is composed of Miss Kate Arnold soprano, Miss Bertha Reagan contralto, W. S. Archer baritone, John McIntyre, tenor. Jesse Bedford is the accompanist.

John McLean, 20 of Wilmot, was shot and probably fatally wounded Tuesday night in a raid made upon a house at 51 Main street by Constable Ward Pulver. McLean resisted arrest and was shot through the left breast by the officer, the ball lodging in the shoulder, after penetrating the lung. The house was occupied by the family of Lester Ostrander, an 11-year-old boy who had been staying up hard order for two or three days—Patriot.

McLean has a long court record, 11 from demagogues not 11 from Wilmot. He has served terms in jail at several different occasions and his probation record is only shady.

Mr. Devereux H. Warner, who had been visiting her parents, Mr. and Mrs. H. T. Cady of Church street, has returned to his home in Bridgeport, Conn.

Miles Bracewell has returned to New York after a short visit at the home of his father Col. John Bracewell.
